

The Global Ministry Ends of AHG

American Heritage Girls exists so that girls in the AHG Program will experience spiritual and personal growth that will enable them to impact their world for Christ while fulfilling their social responsibility.

Girls' families, charter partners, AHG Volunteers, and Staff will experience a positive impact in their respective world. All of this will be achieved at a cost that allows AHG to sustain annual growth.

For Whom?

Specifically for any girl, Christian or non-Christian, between the ages of 5-18 years old, who is registered in the AHG program.

At What Benefit?

A. The Girls:

Spiritual Formation: Each girl will have the opportunity to hear God's plan of salvation, God's desire to be Lord of her life, and how to live her life as a living testimony through reverence and grace. AHG is a partner with the family and church in building Christian women.

Personal Development: Each girl will grow inward through discovering her spiritual gifts and building self-confidence based on her position in Christ and acceptance within the group process. She will experience a successful life grounded in God's will and Christian principles through learning to see and obtain their future by utilizing life skills preparation to survive and flourish on her own.

Social Responsibility: Through spiritual formation and personal development, each girl will become socially responsible while remaining steadfast; over-coming cultural influences; treating others with respect; and fulfilling her civic duty to the benefit of the greater good.

B. Parents, Charter Partners, Volunteers, and Staff:

Positive Impact: Each parent, charter partner, Volunteer, and Staff Member's life will be enriched through their association with AHG. This enrichment will enhance their appreciation of AHG.

At What Cost?

Cost will foster sustained growth and accessibility while maintaining financial stability. In order to serve as many girls as possible, growth will take priority over accessibility. Every registered Member shall contribute financially to recognize value, commitment, and responsibility
